

FSC 2024 Honorary Secretary's Report

Firstly, I would like to gratefully thank the FSC Committee and Members for continuing to support me as your Honorary Secretary.

2024 has been an extremely successful year, with a full sailing and winter events calendar the club has been exceptionally busy and continues thrive under the commendatory leadership of the FSC Committee, Trustees and all the hard-working Volunteers.

Our catering offering has been outstanding with many special events and Supper Evenings, the new beer store has enabled the bar to reach it's potential and cope with the increasing popularity of the Clubhouse.

The use of WhatsApp groups, email, and Facebook together with the Mainsheet Newsletter allow us to communicate more effectively with our members. We have continued to improve the new website which is making it easier for renewing membership, and even easier for prospective members to join.

Our FSC Development plan for the pontoon and solar panels is ongoing, and we continue to strive to improve everything we do for the benefit of our members.

If you have skills to offer, or happy to learn new ones, please talk to one of the Volunteers or Committee Members. They are a wonderful team that make FSC such an amazing Club.

Fair winds and great sailing.

Teresa Spear
Honorary Secretary
February 2024
